**To:** Freedhoff, Michal [Freedhoff.Michal@epa.gov]  
**Subject:** EWG PFAS Remarks @ 1:30 pm  
**Start:** 7/14/2021 5:30:00 PM  
**End:** 7/14/2021 6:00:00 PM  
**Show Time As:** Busy

Thank you for participating in EWG's Inaugural PFAS Conference on July 14th, 2021!

We are looking forward to having Dr. Freedhoff join us as a speaker. Below are the details and instructions for how to join her session, as well as some additional reminders for the day.

**Dr. Freedhoff is scheduled to speak at 1:30pm EDT.**

**Virtual Arrival Time:** *If possible, please try to have Dr. Freedhoff or one of her staff join the virtual greenroom (Zoom link below) 30 minutes before her scheduled session begins. We will use this time to get you set up and make sure you are ready to be live for the session. During this time, once we have you set up, you may go off camera/go on mute (continue working, etc.), until you are called back for your session to start.*

Virtual Greenroom Zoom link: **Ex. 6 Personal Privacy (PP)**

**Tech Check Guide and Tips:** Attached is a tech check guide as a reminder of what was discussed with you during your tech check with our team the other week and some tips to help you be prepared for your live appearance.

Here is the link to the conference website and you can find the Agenda for the day here:

*The greenroom link provided above is not a unique link to Dr. Freedhoff, so a staffer can use that link to join with her. However, if more members of your staff are interested in watching the conference, please have them register on our website here and they will be sent a unique link to watch the conference via email tomorrow ahead of the conference. The whole conference will be recorded, so if you want to watch parts you missed at another time, there will be an on demand recording available to all registrants after the conference.*

Thank you again to Dr. Freedhoff for her participation and for lending her voice to a day dedicated to highlighting this very important issue of PFAS and the impacts it has on human health.
